

PRINCE'S GATE
BOUTIQUE HOTEL SINCE 1897

Dear Guest

We would like to update you on a few very important and exciting refurbishments that are planned for the Prince's Gate Hotel. As much as these refurbishments are exciting and will make a big difference to the Hotel for the future they can also cause a few minor issues sometimes. We like to make sure our future guests know what is happening and are fully aware of the work that is going to be carried out. From the 25th of March the outside of the front of the Hotel on Arawa Street will receive a makeover. To be more precise the roof, guttering and all the high areas where we normally can't get to without some serious scaffolding will get some much needed attention. For us to be able to do this we require to have proper scaffolding put up and this will change the face of the Hotel for around 4 weeks. This will affect our guests staying in rooms on the outside balconies the most even though all the work done is outside. As a Hotel we want to make sure that you as our guest are aware of this. The work done to the building will be carried out during normal work hours and will not cause any excessive noise during the quiet hours of the day. We trust that you understand the need for the Hotel to carry out this work and that we will do all we can do to minimise any disruptions to you as our guest. At any time you can contact reception or me personally if you have questions in regards to the refurbishment

Yours faithfully

Phil Agent
General Manager
Prince's Gate Hotel
